## **Lasting Luster**

### Hair Oil

#### Description:

Lasting Luster is a hair oil that moisturizes, conditions and imparts shine to hair. **Siltech® F5** is a low viscosity dimethicone fluid that serves as a carrier for the formulation and ensures maximum workability into hair. **Siltech® 1050** is a dimethiconol silicone gum blend with a positive charge and affinity toward negatively charged damaged hair, ensuring maximum deposition on hair follicles. **Silamine® 2972** is an amino-functional silicone that provides premium conditioning, including superior wet and dry combing results. **Siltech® PTM** is a phenyl-modified silicone with an inherently high refractive index, resulting in a lasting luster and glow. The combination of natural oils in the formulation lend to rich moisturization, that helps to repair damaged hair and helps to reduce frizz. **Silwax® D02** is a short-chain alkyl-modified silicone that compatibilizes ingredients and reduces surface tension, lending to easy combability.

#### Ingredients:

| Phase | Description (supplier)                      | INCI Name                                  | Wt.%  |
|-------|---|--|-------|
| A     | <b>Siltech F5 (Siltech)</b>                 | Dimethicone                                | 35.0  |
|       | <b>Siltech 1050 (Siltech)</b>               | Dimethicone (and) Dimethiconol             | 15.0  |
|       | <b>Siltech PTM (Siltech)</b>                | Phenyl Trimethicone                        | 2.0   |
|       | <b>Silamine 2972 (Siltech)</b>              | Bis-Aminopropyl Dimethicone                | 1.0   |
| B     | <b>Silmer Q20 (Siltech)</b>                 | Trimethylsiloxysilicate                    | 1.0   |
|       | Isododecane (Parchem)                       | Isododecane                                | 30.0  |
|       | Sweet Almond oil (New Directions Aromatics) | Prunus Amygdalus Dulcis (Sweet Almond) Oil | 3.0   |
|       | Joboba oil (Jay Chemicals)                  | Simmondsia Chinensis (Jojoba) Seed Oil     | 2.0   |
|       | Argan oil (Charkit)                         | Argania Spinosa Kernel Oil                 | 10.0  |
|       | <b>Silwax D02 (Siltech)</b>                 | Ethyl Methicone                            | 1.0   |
| Total |   |  | 100.0 |

#### Procedure:

- 1) Combine ingredients in Part A and mix well.
- 2) Combine ingredients in Part B and mix well.
- 3) Add part B to Part A under mixing.
- 4) Mix until homogeneous.
